

People and Planet First

Let's stand with the oppressed in their quest for recognition

In Honduras and Cambodia, organizations supported by Development and Peace are raising the voices of communities oppressed by a model of economic development that violates their rights. The Honduran Center for the Promotion of Community Development (CEHPRODEC) trains environmental leaders to defend natural resources, the environment and human rights. In Cambodia, Development and Partnership in Action (DPA)'s mission is, in part, to enable communities affected by extractive industries to gain advocacy skills so they can organize and defend their rights.

We can support these partners by recognizing the role we can play in an unjust global system and taking action to change it. This year, the action highlighted by the *People and Planet First* campaign is about holding Canadian companies accountable for their operations abroad - to ensure that Canada is not complicit in the violation of the rights of our brothers and sisters.
